Course Description

This preparation course will review the five sections (listed below) of the HSPT over a period of twelve hours in small groups of 6 students. This course will also include instruction on interviewing skills and essay writing. Students will review practice tests in order to gain proficiency with the subject matter and apply test-taking strategies designed to increase speed and accuracy. Preparation for the exam will include instruction regarding the following sections:

- Part 1 Verbal Skills: verbal analogies, synonyms, logic and classification
- Part 2 Quantitative Skills: number series, geometric and nongeometric comparison and number manipulation
- Part 3 Reading Skills: comprehension and vocabulary
- Part 4 Math Skills: concepts and problem-solving
- Part 5 Language Expression Skills: punctuation and capitalization, usage, spelling and composition.

In addition to becoming familiar with the content of the test, students will be exposed to the required time limits for successful completion of each section. All material for the course will be supplied.
